

ATTENTION SEEKER!

SOUP's GUIDE TO SURVIVE

THIS IS THE END OF THE WORLD!! so everybody will basiclaly want a safe place to hide that's why we decided to make a guiding signs to the safe places using some LED strip and a motor using hologram effect! The desgin is very human and we added a tracking system to the nearest person the sign to grab his attention to the sign!!!!

LED STRIP, MCU, HALL SENSOR
ARE CONNECTED USING A A PERF
BOARD

MCU:XIAO ESP32C
ULTRASONIC
SENSOR
HALL EFFECT
LED STRIP
DC MOTOR
EASY ASSEMBLY

MADE BY:
